

SIMPLE. SAFE. SECURE.™

Save Jobsite Labor. Increase Safety. Fully Tested.

<< Replace This

- > Eliminate field welding
- > Improve safety
- > Save time and labor costs on the jobsite

<< With This THE PA-12!

- > Replace field welding with high-quality shop-welded connections.
- > *Connection made INSIDE*
- > *Work from floor, on hard dry surface.*

FULLY TESTED PERFORMANCE!

During recent full scale testing the PA-12 exceeded the code-required 10,000 lbs of tensile capacity by a factor of 2.5 times (25,000 lbs)

What's in YOUR Panel?

- > Connection INSIDE. No exposure to corrosion
- > Quick, positive visual inspections
- > Keep your team safe on the jobsite
- > Specify the Connect-EZ PA-12 on your next project
